

IP Camera SS-802GRK-A

Description

The IP Outdoor bullet camera is a compact, stylish surveillance camera that offers excellent resolution in variable lighting conditions. The high performance 1/3-inch CCD camera is available with a 4mm fixed lens.

The camera is an ideal solution for demanding scene conditions. The Day/Night feature ensures the highest image quality possible at any time. Depending on the available light, the camera automatically switches from colour to monochrome.

Features

- Megapixel 2MP
- Day and Night(IR-CUT)
- H.264/H.265 Video compression
- Support onvif (optional)
- Support POE (optional)
- Support audio (optional)
